### Development Objectives

The Alliance Française de Karachi is seeking to develop partnerships with sponsors from French and Pakistani corporations, business partners as well as professional and academic institutions or donors and individuals. These strategic partnerships will enable us to build on our existing foundation, and provide modern and high quality resources to students, professionals and people interested in learning about French culture and the French language or interested in developing relationships between Pakistan and France.

For ensuring total transparency, a separate bank account has been opened for managing the funds donated for the project. These funds will be strictly utilized only for the project, the details of which were explained before you during the presentation. The auditors of Alliance Française will carry out a regular audit of the funds and the audit report with all expenditure details will be circulated to the donors.
